The two advisory meetings scheduled for Jan 15 have been moved to Jan 22. Sorry for any inconvenience I have to be on campus unexpectedly. See you in a couple of weeks.

Candi has returned to school this term. Out of office Monday mornings—in by 12:30 pm or so...

The *Over the Clover* newsletter has been delayed a bit. Once our whole staff returns, it's a top priority. Probably sometime next week...

All you should bring is a notebook or clipboard with **ONLY** blank paper in/on it, and a couple of sharp pencils.

Idea Fair—Coming FAST!

Are you interesting in teaching a class at Idea Fair? Over 120 volunteer instructors are needed and anything you want to teach is valuable to the youth and families who attend. Literally, anything you can imagine. This is a great opportunity for youth to teach too—team up and do a quiz bowl class or a showmanship class—you older members know this stuff front to back—let's share your knowledge. Invite your friends, veterinarians, contractors, etc. Contact Kim in our office for an instructor form and we'll get you signed up to teach today.

Game Jam

Returns to Central Oregon

Lots of young people enjoyed the first ever Game Jam in Central Oregon last year and its success allows us to host again. If you have interest in technology or building video games, you don't want to miss this opportunity.

OGPC in Redmond

OGPC Game Jams are one-day events that provide teams of high-school and middle-school students an opportunity to create a design document and paper prototype of a game based on the team's chosen theme. Working with industry mentors, students will learn the basics of team communication, translating abstract ideas into concrete plans, rapid paper-prototyping of their designs, pitching their projects, and professional networking.
