Minutes – submitted by Amy Bodda

We still had names out for youth executive member. Sarah McCoy was the main one they were going to see if she was willing and if so Tammy Penington second it.

The group felt like Judy did a master showmanship and judging as long as that continues they are happy. The group liked the idea of a fitting and shearing will work on volunteers to put this on.

Goats seem to be the only one that would like rule changes if possible. The changes that they are hoping for are to allow youth to two entries in the same age class in pygmy and dairy? They wanted to change the breeding age for boer goats. The last change they were hoping for was can the rule of if there are not enough entries in a class they can't come back for champ round be changed so all top place can come back?

Went over judge and breeding age change for swine Barn.

It was brought up that with the weight change in sheep and possibly goats they are going to have to breed later so the timing is going to be more challenging for weigh in some of the animals are either just coming off their moms or are not quite weaned could weigh in be pushed out a little for them? With the understanding that the animals are to be purchased by the dead line date.

Can there be a pygmy goat class at the livestock show? It was felt if we do flyers for the livestock show we need to make it very clear it's not a jackpot any more.
