

# Minutes from Shooting Sports Advisory Meeting

## Wed, Sept 19, 2012

### Attendees

Candi Bothum, Tom & Karen Decker, Darren Squire, Shannon Biondi, Scot Brees (by phone), Laura Cuthbert

### Fixes for Fair in 2013

- Assign times to age division within archery
- Archery and pistol and rifle shoot at different times
  - This allows more 4-H exposure
  - And less wait time sitting around in the sun
- Contest/Range time needs to be organized and efficient – not a time for visiting
  - If 20 youth in the contest and 10 shooting at a time, then 10 waiting ON RANGE, but behind shooters, respectfully waiting – this could speed up contest time
    - Of course, this is only with Range Manager's approval
- Need signage.
  - AFrame signs in front of 4-H building with a schedule of events
  - AFrame signs off of main fair track directing to the shoots
- Taped pathway from asphalt to shooting venue
- Measure tape and fence from range before it's contest time
- One kid shooting at one target will help ease the scoring
  - May need to purchase a few more targets
- Arrange contest times outside of the middle of the day because of hot sun
- Remind members to bring shade and chairs

### Idea Fair

- We will set up a corner of the north Sister, 35' deep by 20' wide, shooting into the corner for archery and pistol/rifle classes at idea fair.
  - Archery
    - 4 targets
    - 12 kids per class
    - Archery in the AM
  - Pistol/Rifle
    - Maybe the blow up target with two holes
      - Candi will investigate this possibility
    - 3 Classes in the afternoon
    - 8 kids per class

### Equipment Needed for Grant Consideration

- Appropriate cleaning kits for a large group training
- 20 gauge shotgun – any brand
- Clays – 54 boxes annually (10 kids)
- Pellet Pistols
- Pellet Rifles

### Western Heritage Event

- Plan for the weekend of state horse fair if possible
- Here, on the fairgrounds
- Invite
  - Girl Scouts
  - Boy Scouts
  - Other 4-Hers
- Several things going on
  - Milking cows or goats
  - Dutch Oven Cooking
  - Cap/Ball Shooting
  - Archery
  - Fiber Spinning
  - Leathercraft
  - Navigating
  - Tracking
- An old time photo booth
- Can arrive Friday night or Saturday Morning
- Programming to start at 10 AM on Saturday
  - All Day Saturday into the evening
  - End mid-afternoon on Sunday

### Other Items

- Candi working to add shotgun to the fair shooting events – out past the fairgrounds in the back
- Do we want to build some quiver stands so they don't have to use hip quivers?
  - Group thinks YES
  - Need as many as we have targets
  - PVC on plywood

Respectfully Submitted,

Candi Bothum
